Summer Immersion 2024

My summer at Bennett University was life-changing! The internship gave me hands-on legal experience, while trips like the one to the Taj Mahal were awe-inspiring. But it was connecting with local students and trying amazing food that made it truly special. I left with a deep appreciation for India's culture and legal system, plus cherished memories and friendships. This program exceeded my expectations and ignited my passion for exploring the world. I highly recommend it to any student seeking a transformative summer!

India welcomed me with open arms, and Bennett University was the perfect host. The short courses, led by brilliant faculty and experts, were both stimulating and insightful. Exploring the wonders of India, from the bustling streets of Delhi to the serene beauty of the Taj Mahal, was an absolute dream come true. The vibrant culture, the warmth of the people, and the explosion of flavors in the local cuisine left an everlasting impression on me. This program was more than just an academic pursuit; it was a journey of self-discovery and cultural immersion.
